GHOST T-SHIRT WITH CREATE A CRITTER 2

Design by: paula_bee (4 Projects)
About me: I love making a variety of crafts, mostly card making, but also scrapbooking and home decor. I have also recently begun using my Cricut to create wearable art.
Project skill level: easy
Project time: 30 minutes to 1 hour
Project tags: Fashion Wearable's Halloween

A cute t-shirt perfect for Halloween!

CRICUT®: WHAT WAS USED

Cricut Expression® Machine

Cricut Expression 2: Anniversary Edition

OTHER MATERIALS NEEDED

- Create a Critter 2
- Heat 'n' Bond
- T-shirt
- Fabric
- Iron
- White Fabric Marker

STEP 1

Cut fabric of your choice and heat 'n' bond to sizes you will need for your images. Then adhere heat 'n' bond to the fabric following manufacturer's directions.

STEP 2

Use Create a Critter 2 and your fabric selection to cut the ghost image and its layers with your Cricut machine. I cut the base image from black fabric, the base-shift image from white fabric, the layer image from orange fabric, and the layer-shift image from another white fabric. This ghost was cut at 6" and is on an adult large t-shirt. I had the best results using these settings: blade depth-6, pressure-5, and speed-2.

STEP 3

Remove the paper backing from the cut image and position on the t-shirt. Using your iron, adhere the images to your t-shirt one layer at a time, following the manufacturer's directions for the heat 'n' bond.

STEP 4

Using a white fabric marker, trace around the edge of the black pirate hat. This helps it stand out agains the black fabric and also provides a little more detail on the hat.
