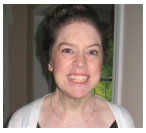
CREATE A CRITTER 2 CONTEST - BIRTHDAY LAYOUT



Design by: MissGiebel (4 Projects)
About me: Hi, I'm a scrapbooker and a teacher. I love my Cricut E2 and could not imagine scrapbooking without it!
Project skill level: easy
Project time: 30 minutes to 1 hour
Project tags: Birthday Celebration Layouts Family Layouts Scrapbook Layouts Kids Layouts

I created this scrapbook layout page using the Create A Critter 2 sneak peek images and my Expression 2.

CRICUT ®: WHAT WAS USED

Cricut Expression® 2

Cricut® Everyday Cartridge, Create a Critter 2

OTHER MATERIALS NEEDED

- cardstock
- shimmer paint
- patterened paper
- glitter glue

STEP 1

I started by placing a strip of patterned paper across the bottom of the page. Then another thinner strip of card stock above that.

Create a Critter 2 Birthday Layout

STEP 2

Next I placed my title above my photo on the left side of my page. I cut the title at 2 inches and glittered the letter i (the candle). I placed the three little piggies onto my page. One on the right and two on the left. I cut the piggies at 2 1/4 inches and I used shimmery paint on their noses, hooves and ears. I put a party hat on each pig but I only put a little dress on the middle pig.

STEP 3

I cut the cupcake at 4 inches and I used it for my journaling block. In the Cricut Craft Room I took away the little face on the cupcake so I would be able to write on it. I used glitter glue on the candle of the cupcake. I placed the cupcake on the right side of my page below the photo.

STEP 4

Lastly, I placed some balloons (cut at 2 inches) on either side of my page.

STEP 5

Next, I placed my photos onto the page. I matted my main photo on pale yellow card stock.
