A simple 8x8 page for a portrait

CRICUT®: WHAT WAS USED

Cricut Expression® Machine

Cricut® Storybook Cartridge

Cricut® Ornamental Iron Cartridge

OTHER MATERIALS NEEDED

- flowered cardstock
- 2 sheet of paper
- small round punch
- glossy accent
- distress inks

STEP 1

In a 12x12 flowered sheet, cut a 8x8 square. Cut the flower in the same paper.
Distress the edge of the square.

STEP 2

Using your Expression, cut the 6' border (in brown) from Ornemental Iron.
Cut 5 rose leaves, size 2' from Flower Shoppe.
Cut 3 branches, size 1 3/4' from Storybook.

STEP 3

Punch a small circle. Cover it with glossy accent. Let it dry.
Distress the leaves in a darker shade than the paper. Do the same for the branches. Cover the leaves with glitter glue.
Glue your picture, then the border (you can use the glossy accent), and the paper flower at each top corner of your page.

STEP 4

Punch a small circle. Glue the leaves with the glossy accent around it.
Glue the branches in the middle, then the glossy circle punch.
You're done. Yeah !
