LEST WE FORGET POCKET CARD

Design by: DieCutDarla (0 Projects)
About me: I love sharing my passion of die cutting with others. I share tutorials online as well as teach classes locally to help people get the most enjoyment possible from their machines. :)
Project skill level: easy
Project time: less than 30 minutes

This is a tribute to all the wonderful men and women who serve in the military. All of the white parts (with the exception of the little thank you note tucked into the pocket) is 1 piece making this project relatively quick and easy. A more in depth tutorial can be found on my blog here: http://stampingunderdoctorsorders.blogspot.ca/2012/11/capture date.html with step by step instructions.
