Fall Wreath Created with the sneak peek Create-A-Critter 2!

CRICUT®: WHAT WAS USED

Cuttlebug® Machine - New Design!

Cricut Expression® 2

Cricut® Artiste Cartridge from Close To My Heart

OTHER MATERIALS NEEDED

- Colored Card Stock
- Foam Pop Up Squares
- Twine or Ribbon
- Adhesives
- Cuttlebug & Folders
- Wreath Base from craft store

STEP 1

Once you have selected your wreath and colored card stocks, you are ready to begin!
You will need to cut the following from the Create-a-critter Cartridge: Tree, all layers, squirrel, all layers, clouds, acorns, both layers, birds, all layers, Fall phrase from the phrase layer. You will also need to cut some leaves from the Cricut Artiste cartridge, or your favorite fall look leaf from any cartridge you have on hand.
Once all of the items have been cut, you will need to select the items you wish to texture with your empbossing folders. Then it's time to glue! Where appropriate, use foam pop ups to give a little dimension. I used it on the Fall phrase with the clouds, on the hat on the adorable little squirrel and on the acorns in front of the leaves. It was also handy to use foam squares to adhere the leaves to the textured wreath base!
