TYE DYE ROSE MOTHER'S DAY BOUQUET

Design by: manders1206 (4 Projects)
About me: mom of two rambunctious little boys, floral designer by trade, baker/cake designer by desire and crafter at heart
Project skill level: easy
Project time: 30 minutes to 1 hour
Project tags: Home Décor/Accents Mother's Day Party Decorations/Favors

3 giant tye dye roses with leaves in a terracota pot with a Happy Mother's Day tag

CRICUT®: WHAT WAS USED

Cricut® Lite Celebrate with Flourish Cartridge

Cricut Expression® Machine

Cricut® Projects Cartridge, Giant Flowers

OTHER MATERIALS NEEDED

- bunch of leaves
- green floral tape
- glue
- wooden skewer
- green pipe cleaners
- mulit-colored cardstock
- ribbon

STEP 1

Cut out flowers according to handbook on colored paper as desired, glue and assemble.

STEP 2

Using a sharp tool, poke an angled hole into the base of the flower in 3 places around the base. Add the "leaves" from the flower. Insert pipe cleaners into holes and bend in half so part is inside the base and part is outside the leaves. Twist each pipe cleaner together, this will hold the leaves to the flower base and also form the stem for the flower.

STEP 3

Gather the bunch of artificial leaves and however many flowers you have made, arranging the leaves between each flower and outside the bunch. Cut to desired length and using stretchy floral tape, cover the foliage stems and pipe cleaners. Put in vase or pot and embellish with bow.

STEP 4

Using the Celebrate with Flourish cartridge, cut out Happy Mother's Day on desired cardstock and assemble with glue. Attach finished piece to wooden skewer with glue or tape and insert into bouquet.
