This project shows you how to repurpose a step stool into a chalkboard Mini Desk.

CRICUT®: WHAT WAS USED

Cricut Expression® 2

Cricut Craft Room Basics

OTHER MATERIALS NEEDED

- Chalkboard Fonts Cricut cartridge
- Chalkboard paint
- Transfer tape
- Painter's tape
- Wood stool
- Black matte vinyl
- Paint brush
- Sandpaper

STEP 1

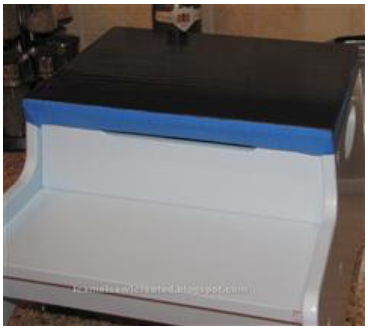
Select your step stool to refurbish.

STEP 2

Use painter's tape to mask off the top of the stool which will become the chalkboard desk top.

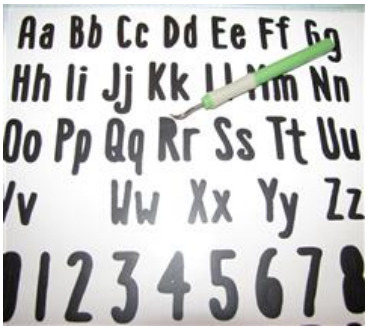
STEP 3

Paint the top of the stool with chalkboard paint. Apply two coats, allowing 3 hours of drying time between coats.



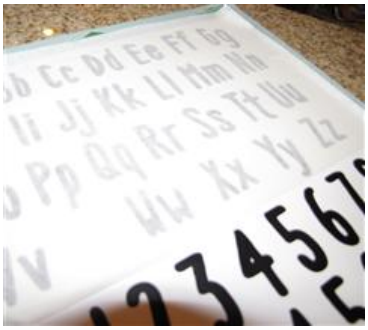
STEP 4

Using the attached file and your favorite Cricut machine, cut the lettering and numbering out in black vinyl. Remove the negative of the cuts.



STEP 5

Burnish the lettering/numbering on to transfer paper.



STEP 6

Position the lettering/numbering as desired on to your project with the transfer tape. Burnish on to your project.

STEP 7

Create a more antique/shabby look by sandpapering the edges so that the natural wood peeks through.

STEP 8

Wipe the desk down and fill with chalk and art supplies for your little one.
