- lace

STEP 1

Sweet Tooth Boxes Cartridge - Cake box
cut 1 <Cake>) @ 11" in medium weight card stock
cut 1 <CakeLy3>) @ 11" in med or light weight card stock
if you wish to add the jam & cream layer, then you will need to cut <CakeLy2>
if you wish to add the inside cupcake holder, then you will also need to cut <CakeLy1>

STEP 2

Create cake box following on from handbook pages 10 thru 14 - cuts 1a & 1b
If you wish to add the other layers, then you will need to follow all steps 1a thru 1d
Use a strong adhesive - red tape or sookwang/scor-tape works well.

STEP 3

Decorate as you wish.
I added pre-made flowers & a butterfly, sprayed with lots of glimmer mist/glitter glue using my hot glue gun.
But with so many beautiful cartridges available, you may wish to make your own.
