PROJECT CUT FILES

Butterfly frames.ccr

STEP 1

I purchased two mini frames to house my images in, removing the glass. I hand cut the base layer of the frames with coordinating glitter cardstock. I then printed and cut my images from the Imagine cartridge Lori's Garden.

STEP 2

Next, I hand cut slightly smaller, embossed, and inked the edges of the white word background. I wrapped each word layer with coordinating seam binding ribbon, creating a bow to the edge and pop dotted them on to the glitter layers.

STEP 3

I assembled my butterflies, inking the edges and pop dotting the layers as I added them and glued them to the white layer.

STEP 4

I completed the frames by adding rhinestones to the butterflies and a coordinating hat pin to each ribbon bow.
