## CREATE A CRITTER 2 CONTEST: JOY

**Design by:** [HollyHudspeth](#) (14 Projects)

**About me:** I like to try all techniques in scrapping and am constantly learning. I am finding that most embellishments can be cut with a cricut machine. A little glue and paper and you can have anything.

**Project skill level:** moderate

**Project time:** 30 minutes to 1 hour

**Project tags:** Christmas Holiday Cards

## STEP 1

Make base of an Easel Card. Print and cut a square out of the red polka dot pattern on Santa's Village Cartridge at 6". Ink Edges. Cut another square out of black cardstock at 5.5" and then make a decorative corner using a corner punch. Cut the bird and it's parts at 1.25", then the branch at 1.5". Cut another branch from Art Philosophy at 1.5". I colored over the leaves and berries in these with copic markers. I also colored the bird as well to give it more rounded look. Cut the wreath parts at 4.5" and the word Joy at it's wreath to fit the larger wreath. I had issues with the offset so I colored in the wreath in green and actually liked the two tone effect it gave. I cut off the white that was on the inner and outer ring. I left the red inner ring intact and just colored it in. I cut the label on the card base from Art Philosophy and popped it up over a green strip using pop dots. I stamped the sentiment with a Close to My Heart Christmas stamp set.
