It was a blast playing with the new images from Create a Critter 2. This little cardinal is perched on a wreath shaped card. She is ready to spread holiday cheer.

Create a Critter  
Cartridge

### OTHER MATERIALS NEEDED

buttons

ribbon

adhesive tape

### STEP 1

All pieces are from Create a Critter 2 cartridge.  
Cut 2 Wreath shadows in ivory at 5" width. Cut 1 each of the other three layers at a height 4.75". The bird was cut at a 2.5" height. Keep the dark green leaf cutouts for later use. Ink all edges lightly.

### STEP 2

Layer your 3 wreaths together and glue.

### STEP 3

Assemble your bird. I tucked a little piece of yellow under the beak cutout so his beak was yellow, but his other features were black and red.

## STEP 4

Gather dark green leaf cut outs. Fold them in half lengthwise and attach at various place on the wreath as shown. I used small cut pieces of adhesive tape. Run ivory twin through the button holes and knot at the back. Use adhesive dots to attach buttons near the leaves.

## STEP 5

Stamp sentiment and cut out as show. Attach bird, bow and sentiment to the card to finish assembly.
