STEP 1

Using the Create a Critter 2 cartridge cut the bird and corresponding layers at 2". Cut the Joy phrase and corresponding layer at 1".

STEP 2

Use the tutorial from Splitcoaststamper for the shaving cream technique marble one side of the tag and allow to dry. After tag has dried flip and marble the second side and allow to dry. Repeat process for all tags.

Don't forget to "die" the string as well. I did this by dipping two of my fingers into the shaving cream and then running the string through my fingers.

STEP 3

Tear strips of coordinating paper and cut to fit the width of each tag. Ink all sides of strip and adhere to the center of the tag.

Adhere the joy phrase at the bottom of the tag and the bird center of the strip.
