About me: I am a stay-at-mom to my beautiful 1 1/2 year daughter, who we had the privilege of adopting as a newborn. I love all things crafty and creative, especially my CRICUT!!

Cannot contain my excitement for the new Create A Critter cartridge! I love the sneak peak images and had to use them to make some super cute pillows for my daughter (which she absolutely loves!)

PROJECT CUT FILES

 [CAC2- Squirrel & Name Pillows.ccr](#)

STEP 1

Iron Heat-n-bond to all fabric pieces. Remove paper backing and stick to mat (the newer/sticky-er the better, also a new blade is highly recommended).

Optional- tape down sides of fabric to secure it even better to mat.

Cut pieces using Cricut Craft Room file provided. Iron pieces together to secure (see directions on heat-n-bond)

STEP 2

Use sewing machine to secure edges of fabric. (I used a satin stitch on the squirrel and a blanket/applique stitch on the name pillow.)

STEP 3

Sew front and back of pillow together, leaving an opening big enough to stuff.

Stuff pillow with poly-fil.

Hand stitch opening closed.

STEP 4

Give to 18 month old daughter, who won't stop hugging and kissing it!
