Celebration Cards Playful

Pig shaped Birthday card made with the Create a Critter 2 cartridge.

CRICUT®: WHAT WAS USED

Cricut Expression® Machine with Plantin SchoolBook and Accent Essentials®

Create a Critter 2 Cartridge

OTHER MATERIALS NEEDED

Card stock

Buttons

Glossy Accents (adhesive)

Mni star Brads

Pattern paper

2 Pink By Design Stamp sets

STEP 1

Using the Create a Critter 2 cartridge cut 2 Piggy Shadow layers at 6". Score one shadow layer at the base of the pig's ear, fold and adhere to the other shadow layer, this makes your card base.

STEP 2

Cut remaining layers and adhere together. I paper pieced the hat with pink and white star patterned paper and added some white mini star brads. I also used 2 yellow flower buttons with Glossy Accents.

STEP 3

For the inside of the card I cut 1 more layer but this time I hid the contour lines to leave me with just a outline. I then used Pink By Design's Simply Everything and Country Living stamp sets for the sentiment.
