Card is 5" X 5" square die-cut. The card features layers separated by acetate. It was created using Cricut CraftRoom. Complete CCR file available for download. Every cut and cut size are provided in the cut file. Only thing you have to do is cut and glue the pieces. I used the haunted house and tree from Create a Critter 2. I also used George and Basic Shapes for the frames. The bats are from Holiday Cakes. And the fence is from Mini Monsters.
