All items on this are recycled (except my templet). I cut the Create a Critter Ghost and his hat (I will attach the files below) out of cardstock and then I traced the pattern onto a white burp cloth 2x and cut it out. I traced the hat with a white chalk pencil on a velour jacket I had and never wore it was gonna go to goodwill. I then cut that. I sewed the hat onto one ghost. Then I flipped the burp cloths inside out and sewed together except a small area to flip in right side out through. I flipped it right side out and stuffed it full of pillow stuffing (from a pillow we're not using anymore). I sewed the small area closed and hot glued a large google eye on.
