CREATE A CRITTER 2 - CREATE BANNER

Design by: Heather09 (1 Project)

About me: I love paper crafting as well as almost every other type of craft. I love to use my cricut on daily crafting projects, creating anything from birthday banners to wedding invitations.

Project skill level: moderate

Project time: 1 hour to 2 hours

Project tags: Home Décor/Accents Wall

Décor/Wreaths/Banners Hobbies

I just love all of the cute critters, icons and accessories on this cartridge. I wanted to make something that would show all of the great features of the cartridge. Along with the Cricut Craft Room Basics cartridge for the lettering, I have made this cute little banner to be hung up on the wall in my creative space.

CRICUT®: WHAT WAS USED

Cricut Expression®
Machine with Plantin
SchoolBook and Accent
Essentials®

Create a Critter 2
Cartridge

OTHER MATERIALS NEEDED

card stock

ribbon

glue

hole punch

distress inks

black gel pen

cuttlebug embossing folders

STEP 1

Everything is cut out using Cricut craft room. The first step was to cut out the shadows of the letters, critters, and accessories on white paper. The letters are set to 4", and the critters are set to 2".

STEP 2

Pick the colors that you would like and cut out all of the details in Cricut Craft Room.

STEP 3

Using coordinating distress inks and an ink blender, rub around the sides of all of the cut outs.

STEP 4

Using embossing folders and the cuttlebug, emboss the letters with a different folder for every letter. Now rub distress inks on the letters as well, just like we did in step 3.

STEP 5

Glue the critters accessories and letters together, and layer the critters and accessories on top of the letters.

STEP 6

Punch holes in the top corners of the letters, string with ribbon and voila, you have yourself a custom CREATE banner.
