#### STEP 1

I cut the Haunted House shadow 2 times. I used a Yellow Layer and A Bat Paper layer. I cut the moon away from the Yellow Cardstock and layered that on top of the Bat Paper layer. I cut the top layer of the Haunted House 2 times. Once in Purple and one Black. I cut the peaks of the house away from the black layer and added that to the purple layer. Then I embellished the Haunted House. I used some tinsel ribbon around the door. I cut three strips of Grey Cardstock and cut nicks from the strips. I distressed the strips with TH Distress Inks in Gathered Twigs. I used these as shingles on the house. I cut a little topper from Pretty Pennants and used that on the roof as eaves and across the lower windows as awnings. I added a couple of gears on the roof for interest.

#### STEP 2

I cut 6 Ghosts. 3 of them were flipped. I cut the hats with DCWW Glitzv Glitter paper and colored the patch with a Black 100 Copic marker. I

cut three Boos and layers.

### STEP 3

I had no big ribbon in Halloween colors, so I improvised using Duct Tape on the wreath. Then I wrapped some black tinsel ribbon around the wreath and made a bow for the top with it. I put the wreath together and added Glossy Accents to the door and windows.
