Spooky haunted house

## CRICUT®: WHAT WAS USED

Cricut Expression® Machine with Plantin SchoolBook and Accent Essentials®

Happy Hauntings Cartridge

Cricut Imagine® Machine

## OTHER MATERIALS NEEDED

zig glue pen

colored card stock

red marker for blood on letters

## STEP 1

Printed background paper on Cricut Imagine using Hopscotch cartridge.

Cut out the House, and fence from the Happy Hauntings cartridge using colored cardstock. For the windows I just cut out orange card stock and glued on the back to look like light was coming through. I then cut out the words BOO in the letters and colored the drips red to look like blood.

Cut out the Ghost from Create a Critter 2 free pattern on my CCR. I received a bunch of paper from my daughter in a group so I don't know what the paper is I used for the photo. It is really cute and has skeletons and bats. I cut out circles of grey for the rocky path and just used a pen to highlight them. O colored the door to the house a light grey and outlined the fence in a light grey too.
