Fun barnyard layout using Create A Critter!!

CRICUT®: WHAT WAS USED

Cricut Expression® Machine with Plantin SchoolBook and Accent Essentials®

Cricut® Everyday Paper Dolls Cartridge

Create a Critter Cartridge

OTHER MATERIALS NEEDED

Brown Chalking Ink

Black & White Journalling Pens

Pop Dots / Foam Tape

12" Paper Trimmer with wavy blade

STEP 1

Most cuts were made using the original Create A Critter cartridge (except the trees which were left over from another project, I think they came from Pooh & Friends and a layer of grass which was made using CCR and Everyday Paper Dolls cartridge. The large section of grass was made using a 12 inch wavy paper trimmer and is 2 inches high).

The barn was cut for a 3 inch critter (it actually stands about 4 inches high). The sun, pig and sheep are all cut at 2 inches. The cows are 2.5 inches and 1.75 inches. The horse is cut at 2.5 inches. Using REAL DIAL SIZE i cut the little grasses at 1 inch and 1.5 inches, the muddy puddle at 1 inch and the clouds at 1 inch and 1.25 inches. The clouds were embossed with swirls using my Cuttlebug.
