A Jack O' Lantern made using A Frightful Affair.

CRICUT®: WHAT WAS USED

OTHER MATERIALS NEEDED

Black Contact Paper

Knife

STEP 1

Cut the Poison silhouette from the A Frightful Affair cartridge out of black faux leather contact paper. Also cut the skull and crossbones image. Size to fit your pumpkin.

STEP 2

Stick contact paper images to pumpkin, using a pencil and razor to make it lay flat.

STEP 3

Cut the inner sections of the word out of the pumpkin, leaving the contact paper in place. Cut a small slice to the left of the "P" and to the right of the "N" to allow it to stand out. Cut the eyes, nose, and a small slit for the mouth from the skull and crossbones image.
