**About me:** I am a special education teacher who uses many of my crafts in my classroom. My 2 grandsons enjoy the fruits of my crafting labors. I have just about every machine that Provo Crafts makes.

For about 4 years now I have been making Halloween t-shirts for my grandsons, this is one of my 2012 shirts. This t-shirt was created using the Cricut cartridge "A Frightful Affair." I cut the gargoyle using the "silhouette" feature at 7 1/2 inches. I then "burned" it to a Yudu screen, following the instructions that come with the Yudu machine. I then "pulled" the image using black ink. After the ink dries, don't forget to iron the image, as this makes the image permanent.

### CRICUT®: WHAT WAS USED

Cricut Expression® Machine with Plantin SchoolBook and Accent Essentials®

Yudu® Personal Screen Printer

A Frightful Affair Cartridge

### OTHER MATERIALS NEEDED

cardstock

Yudu screen

Black Yudu Ink

Yudu Emulsion Sheet

#### STEP 1

Prepare your Yudu screen following directions give with the machine.

#### STEP 2

While waiting for your screen to dry, cut the gargoyle figure at 7 1/2 inches, using the silhouette feature on your cricut machine.

#### STEP 3

I use the clear sheet that I removed from the emulsion sheet to glue my cut images to. I lay the pieces on the shirt where I want them, then put a dab of glue on each piece & carefully place the clear plastic over them, adhering the pieces to the plastic.

## STEP 4

Place the clear plastic sheet on the Yudu machine and following the instructions, burn the screen.

## STEP 5

When your screen is complete & dry, prepare your shirt & pull the ink, again following the directions that come with the Yudu machine.

## STEP 6

When the ink is dry, iron the shirt to make the ink permanent.

## STEP 7

Enjoy wearing your creation!
