Sweet Tooth Boxes Cartridge

OTHER MATERIALS NEEDED

Orange yellow and white cardstock

Cuttlebug

Cuttlebug spider web embossing folder

Cuttlebug 3x3 Halloween die

Glossy Accents

Baker

STEP 1

Cut triangle box on Sweet Tooth Boxes at 6", cutting bottom from orange cardstock and top from white. In CCR, using George & Basic Shapes, create a triangle that matches the top of the box and cut it from white.

STEP 2

I took the triangle shape I created for the top of the box and laid out two more in CCR, one for the orange section and one for the yellow section. I used an oval shape from George to intersect the triangle to get the shapes I wanted, but you can also cut the segments by hand, eyeballing how large you want them to be. I glued the orange and yellow pieces onto the white triangle and ran the piece through the Cuttlebug using the spider web folder. I then glued it on top of the box lid.

STEP 3

Cut the spider from black cardstock and the candy corns from white. I used white paint for the spider's eyes and colored the candy corns with markers. I then coated the top of the candy with Glossy Accents to give them some shine. The spider, candy corns and tag are attached to the lid with pop dots. I used a free printable for the tags and I have the link on my blog: http://allscrappedout.com/2012/10/28/cricut-candy-corn-boxes/
