### PROJECT CUT FILES

#### STEP 1

Cut your pie slice using the pumpkin and ivory cardstock.

#### STEP 2

Stamp your sentiment (optional) and ink the edges of your assorted cardstock with coordinating colors.

#### STEP 3

Distress and add texture to your crust by rolling a rounded edge along the backside of the crust "thumb prints".

---

#### STEP 4

Assemble your box. When adhering the crust to the box, you will only be gluing the bottom of the pie slice so that the treat box can be opened and closed. Weave your ribbon through the holes on the lower portion of the pie evenly and then tie it in a bow at the back of the crust.

#### STEP 5

Begin assembling your whipped cream. Begin by folding the flowers in half at each dip.

#### STEP 6

Layer the flower pieces from large to small, beginning with the bottom. Punch a small hole through the pieces either with a small hole punch or a piercing tool. Pin the pieces together with a brad.

#### STEP 7

Fold up all of the layers.

## STEP 8

Gently pull the layers down starting with the bottom until the desired look is achieved.

## STEP 9

Voila! Whip cream!

## STEP 10

Fill your pumpkin pie slice with your favorite treat to give away or simply use as holiday decor. Another idea would be to use them as place settings by adding names to the slices and placing them in the middle of a dinner plate. Enjoy!
