Folk Art Festival
Cartridge

STEP 1

Cut a piece of paper at 3 1/4 x 7 3/8

STEP 2

Score at 3 1/8,, 3 1/2, and 3 7/8

STEP 3

Once scored. Take and fold the paper at the 3 1/2 and crease it nicely. I put the folded piece toward the bottom. Then go up about 1/2 from the bottom, and snip from the fold to the score line (cut through both pieces). Then cut down about 1/2" from the top.

STEP 4

Open the paper and then put some red score tape/or really strong adhesive on the inner pieces. (The 2 small pieces one above the snipped line, and one below the snipped line). Stick that to the back of the paper forming a small little tab.

STEP 5

Pulled the snipped middle piece outward -that will form the area where the pen goes.

STEP 6

Add embelishments - for this I cut the apple shaddow at 2" and then the letters at 1 1/2" to make the Mnogram.
