FOLK ART FESTIVAL MIXED MEDIA CANVAS

Design by: JenniferHawkins (11 Projects)

About me: I have been scrapbooking for about 13 years. I got my first Baby Bug for Christmas in 2006 and have been hooked on Cricut ever since!

Project skill level: moderate

Project time: 1 hour to 2 hours

Project tags: Home Décor/Accents

A mixed media canvas made using a variety of products as well as the Folk Art Festival cartridge and my Cricut!

CRICUT®: WHAT WAS USED

Platin SchoolBook Cartridge

Cricut Mini® Personal Electronic Cutter

Folk Art Festival Cartridge

OTHER MATERIALS NEEDED

patterned paper

various stamps

shimmer sprays (optional)

various rub ons

molding paste (optional)

gel medium or mod podge (matte finish)

archival ink

acrylic paint

stencils

8 X 10 canvas

PROJECT CUT FILES

[Folk Art Canvas.ccr](#)

STEP 1

Start with a blank 8 X 10 canvas. I purchased mine from Dollarama. Tear various pieces of patterned paper and adhere to the surface of the canvas with matte mod podge or gel medium. Once assembled, apply a layer over paper as well. Allow to dry. Begin adding layers by applying acrylic paint or sprays using various stencils. There are no rules with mixed media, so just have fun!

STEP 2

Using the attached CCR file, cut the pieces out, layer them together, then mod podge them to the canvas as well. Be sure to add another layer over the designs to seal them to the canvas. I cut the grass with my Gypsy so it is not included in the CCR file. I welded pieces of grass, sized at one inch, together using the Plantin' Schoolbook cartridge.

STEP 3

Continue adding more layers until you are satisfied with the results! Some ideas are rub ons, stencils, markers, border and background stamps, molding paste, acrylic paint. Remember, have fun!
