

## ANGEL ORNAMENT

**Design by:** AmyW (8 Projects)

**About me:** At first I got my Cricut for my scrapbooks and then I discovered there are so many other uses for it. Even though I am a mom of three boys I still sneak in the glitter and rhinestones!

**Project skill level:** easy

**Project time:** less than 30 minutes

**Project tags:** Christmas Celebration Party

Decorations/Favors Gifts HolidayDécor

The glittering angel on this ornament has a horn. You can see musical notes on the cuttlebug folder behind her.

## CRICUT®: WHAT WAS USED

Cricut Expression® Machine with Plantin SchoolBook and Accent Essentials®

Cuttlebug® A2 Allegro Emboss Folder

Inspired Heart Cartridge

## OTHER MATERIALS NEEDED

light blue cardstock

light blue glitter

blue rhinestone

twine

glue dots

red cardstock

red tinsel glitter

ribbon

sticker maker machine/glue

red ink pad

### STEP 1

First cut the angel with horn image, row 5 - 2 buttons over on the overlay with light blue cardstock at 3 1/2 inches. Then hit the shift button and cut out the shadow out of the same blue cardstock at 3 1/2 inches. Then cut 2 more of the shadow at 3 3/4 out of red.

### STEP 2

Take the Angel image and run it through the sticker machine or cover with glue and add the blue glitter. Emboss the light blue shadow with the Allegro embossing folder, ink the raised embossed area with the red ink pad. Take one of the red shadow pieces and outline it with the red tinsel glitter. Let the glitter items dry before assembly.

### STEP 3

Glue the angel cut to the blue shadow. Then attach the red glittered shadow with glue dots or adhesive foam. Attach the twine (used to hang ornament) to the back of the red glitter shadow. Then take the remaining red shadow and hide where you attached the twine. Then add a ribbon bow with the rhinestone in the middle of the bow where the twine meets the ornament.
