A cheery little cup of tea for the holidays! This project is simple and quick to make for those last minute little gifts for friends and family, teachers, and neighbors. Plenty of room on the back to write a thoughtful sentiment too. No need for a card when you're handing out this sweet cup of tea.

STEP 3

Apply glue to outer edges of the inner side of the teacup. Do NOT apply glue to the bottom rim of the saucer or the top rim of the cup. Align and adhere the two teacup pieces. Fold open the bottom rim of the saucer on both sides so that the cup can stand on it's own, and it has the appearance of 'sitting' on the saucer!
