

## THROW PILLOW - FOLK ART FESTIVAL

**Design by:** [Cindyjz](#) (6 Projects)

**About me:** Hi! My name is Cindy. I've been crafting with Cricut for several years now and although I've learned a lot in that time, I'm still learning too. I enjoy scrapbooking, but am addicted to vinyl. =D

**Project skill level:** moderate

**Project time:** 30 minutes to 1 hour

**Project tags:** [Home Décor/Accents](#) [Wedding](#)

[House Warming](#) [Country Gifts](#) [Home](#) [Folk Art / Dutch](#)

My couch needed an extra touch like a throw pillow with it. I decided to use my cricut, some vinyl and an old travel pillow and the pillowcase that I had with it to spruce it up a little bit.

### CRICUT®: WHAT WAS USED

Folk Art Festival Cartridge

### OTHER MATERIALS NEEDED

travel pillow

travel pillow case

heat transfer vinyl

#### STEP 1

I used the Folk Art Festival cartridge to cut the windmill shape and borders out of heat-transfer vinyl. First, I chose the design I wanted to put on the stocking and decided what size and color I wanted it to be. Since there is no wording, I didn't have to worry about reversing/mirroring the image. Next, I cut the shadow from white heat-transfer vinyl using the shadow feature on the Folk Art cartridge for both the windmill and the border.

#### STEP 2

Then, using the shadow feature, I cut the windmill and border shadow out of white heat-transfer vinyl. Next, I cut the basic windmill and border out of gold heat-transfer vinyl. I then weeded out the unnecessary vinyl around the design and the vinyl filling the holes and the details in both the windmill and border.

## STEP 3

Last, I ironed on the shadow layer first, and then the top, gold layer using an iron set to cotton for about 15 seconds each. I used multi-use paper to avoid burning any exposed vinyl while ironing the layers. I put the pillow in its place and now have a colorful accent on my couch!
