STEP 1

Use Cricut Craft Room to "weld" W and rectangle. Once welded, cut as one layer on medium depth setting to achieve "kiss cut" on vinyl.

STEP 2

Cut name from coordinating vinyl to fit inside rectangle also using "kiss cut." Once this has been cut out, the name can be added to the monogram using transfer tape.

STEP 3

Choose font for "established date" and cut from original vinyl and add to bottom of glass. Make sure to clean glass thoroughly with alcohol before applying vinyl.
