About me: I received the Cricut for Mother's Day and it has been in constant use sense. ;) I am still very much in the beginner level, but learning more everyday.

Project skill level: easy

Project time: less than 30 minutes

STEP 1

Import the Cricut Cut File

STEP 2

Cut the regular paper. I used printer paper and would cut two pages for every matchbook. Be sure to reduce your pressure and speed since it is more delicate than the card stock.

STEP 3

With the holes to the left, score the long piece at 3/4", 7/8", 4" & 4 1/2" for 20 pages in the matchbook.

STEP 4

Insert the 20 pages and the smaller rectangle through the holes with the card stock in the back.

STEP 5

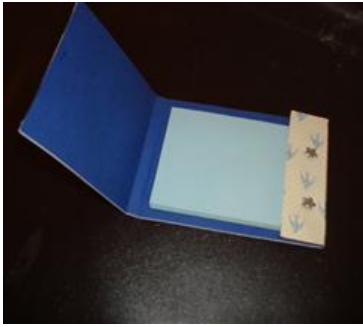

Glue the cardstock to the inside of the 'matchbook'.

Assemble and glue the card stock

STEP 6

Decorate the front with stamps as you would like.

Let dry
