### STEP 1

I used the card feature and sized the main image to fit inside a rectangle 8.5" x 5.5". I then hid the outer contours and score lines with my Gypsy. I placed the remaining image on my mat so that it would cut on one end of a piece of CS 8.5" x 11" and cut it out of glossy CS.

### STEP 2

I scored the glossy CS at 5.5" and folded. I scored a piece of Bliss Blue at 5.5" and embossed the sentiment in silver on the inside.

### STEP 3

I lined up the two folded cards and pierced a hole through both layers 1" from each end on the score line. I threaded silver cord through and tied a bow on the outside.
