OTHER MATERIALS NEEDED

Brown and Red Card Stock

Adhesive

Brown Ink Pad

STEP 1

On Brown card stock cut a 5" "Barn" with Font Shadow Shift engaged.

STEP 2

On Red cardstock cut a 5" "Barn" with Font Black out engaged.

STEP 3

On red card stock cut 2pc. 5" "Barn" Blackout with Shift engaged.

STEP 4

On red card stock cut out a 2 1/2" "Muse".

STEP 5

On brown card stock cut out the letters spelling "THANK YOU" @ 3/4" with FONT engaged.
NOTE: Using "Blackout Font" would work best. I didn't "blackout" and had the decorative holes cut in each letter. Since the letters were so small it was too tedious to removed them by hand with a tool. So i just left them in there.

STEP 6

I inked all the edges of everything I had cut out in red card stock with a simple brown ink pad.

STEP 7

Adhere the red card stock pieces to the brown base card as depicted in pictures. If desired add embellishment with a gold metallic sharpie. I did end up adding some accents with a gold metallic pen but did not like it as much.
