I made this shoe using the Artist CTMH Cricut cartridge. I used pink Zebra cardstock and solid pink for the bottom and strap. I ran the strap through a Xyron X and then added glitter and added glitter glue around the bottom. I used Heart shape brads to connect the strap and added stick on gems. The possibilities are endless with these shoes. You could use flocking powder to make velvet shoes, you could add ribbon and bows and buttons and so much more.
