OTHER MATERIALS NEEDED

card stock

glue

STEP 1

From Create a Critter, cut the squirrel shadow from dark brown paper. Cut layer 1 and 2 of the squirrel from light brown paper. Use white paper for layer 3 of the squirrel cut.

STEP 2

Cut a speech bubble pattern (I used Seal in the "Phrase" tab of Create a Critter). Make sure that the "Squirrel" phrase fits inside the speech bubble cut.

STEP 3

Under the phrase tab on Create a Critter, use the Squirrel "Nuts about ____", then weld with the letter U in a font of your choice. I used Cricut Craft room basics.

STEP 4

For the background, I used Damask Decor: #25 under the "card" tab, and #8 under the "basic" tab.

STEP 5

I used the dots of the Just My Type embossing folder to give the layers some texture. This step is optional.

STEP 6

Attach all parts together and give to a friend!
