Created my own PEAR couple in CCR.

CRICUT®: WHAT WAS USED

Cricut® Accent Essentials Cartridge

Cricut® Alphabet cartridge

Cricut Expression®2

STEP 1

Made Green Borders around the main card with markers.

STEP 2

Cut out a Pink Square Bubble and added a darker Pink all around with markers.

STEP 3

Designed BOY pear in CCR using two CIRCLES welded together. And added a swirl on the top for the hair/stem. Also welded together. Added markers and color pencils for depth.

STEP 4

Designed GIRL pear in CCR using two CIRCLES welded together. And added a swirl on the top for the hair/stem. Also welded together. Added markers and color pencils for depth.

STEP 5

Made shadow with a circle and shrunk it to make the shadows of each. Finished it with markers and color pencils.

STEP 6

Selected a Heart from Cricut® Accent Essentials Cartridge. Made border with a marker shade of marker. Also added a foam circle under it so it looks 3D. Painted WHITE dots with acrylics.

STEP 7

Cut out a Circle Bubble and Welded the word... PEAR! Added markers and color pencils. Placed the third heart without a foam.

STEP 8

And finally finished it with adding small light green dots on the front and inside of the card.
