PROJECT CUT FILES

Dorothy W of Oz TBP.ccr

STEP 1

The bear and all the parts I cut out at 4" and used Cricut Craft Room. I inked up all the edges and added blush to her face using pastels. I added rhinestones to her eyes.

You can see the video here and links to the blog hop. <http://melodylanedesigns.blogspot.com/2013/01/teddy-bears-in-oz-blog-hop.html>

STEP 2

I made the hair from Everyday Paper Dolls cartridge and stretched it to fit the teddy bear and then I cut the bangs off the hair and trimmed the hair a bit. I added faux stitching to both pieces of her dress and bent up the bottom of her dresses separately and only glued them down at the top so the bottom would flare out. I added socks and shoes and put red stickles (glitter Glue) over her shoes.

STEP 3

I added dashes to the basket with a pen and then I made the dog from Animal Kingdom and used black as the base and a black metallic on top then went over it with a black marker and added a rhinestone on the eye.
