CRICUT®: WHAT WAS USED

Oricut Imagine® Machine

Oricut Imagine® Art Cartridge, Kate's Kitchen

Extreme Fonts Cartridge

OTHER MATERIALS NEEDED

white card stock pearl gems heart stamp heart punch ribbon shadow box frame adhesive foam squares distress ink vintage photo brink red apostrophe sticker

In Cricut Craft Room, Select Extreme Font, open text window. Type in the name of your kitchen. Flood fill letters with the Imagine color of your choice. Select Print only option and send file to Imagine.

I selected the frame Icon, from Kate's Kitchen and sized the frame in Cricut Craft Room so it would fit my text. Send to Imagine with print and cut feature.

I cut the girl, with the layers option on my Imagine machine. She is cut at 4 inches. The dog is from the chef, layers options, cut at 5 in. I delete un wanted images on the Imagine screen, and only cut the puppy.

STFP 4

The background is from the two pear image in the Kate's kitchen handbook. I cut at 6 in and just "print and cut" back layer.

STFP

l inked edges, popped layers with foam dots, and added some ribbon, pearl, and gems. Acluster of hearts was added around this "lucky dog". Insert into frame and enjoy!
