

CERAMIC TILE COASTERS

Design by: [AmyLouWho](#) (13 Projects)

About me: I am a stay at home mom of two teenagers who are never home! LOL I enjoy using my Cricut with vinyl to create unique home décor projects.

Cross coasters red and brown

CRICUT®: WHAT WAS USED

Cricut Expression® 2

New Testament Cartridge

OTHER MATERIALS NEEDED

two colors of coordinating vinyl

polyurethane sealer

Minwax

STEP 1

Using CCR, choose cross & kiss cut at 3.5 inches on vinyl. I made a set of four coasters and because I used two colors, I had to cut my image 4 times in one color and 4 times in the second color.

STEP 2

Weed all vinyl. I wanted my cross to be brown & the embellishment red so I removed the red cross from the design and replaced it with the brown cross. I just lifted the red cross, laid it on a sheet of wax paper, then using tweezers I added my brown cross to the center of this design. Now I have another set in opposite colors too!

STEP 3

After centering, I used transfer tape to place the design onto the tile. Because I used a tumbled marble tile, there were some "pits" and texture on my tile, to add texture to my design I placed the tiles in the oven on 350 for two or three minutes to allow my vinyl to "melt" into the pitted spots.

STEP 4

Once the tile cooled, I coated each tile with 2 coats of polyurethane for a shiny and durable finish. I let this dry for about 24 hours, then rubbed all tiles with Minwax to prevent moisture from sweating glasses. Add felt pads to the bottom and you have a nice housewarming gift!
