I made customized photo albums for my cousin's basketball team as an end of season present. I just did the covers but another lady will fill them up with pictures from the whole season.

### CRICUT®: WHAT WAS USED

Cricut Expression®  
Machine with Plantin  
SchoolBook and Accent  
Essentials®

Cricut® Everyday  
Cartridge, Team Spirit

Extreme Fonts

### OTHER MATERIALS NEEDED

- cricut white vinyl
- cricut transfer tape

#### STEP 1

Buy the perfect size and color photo album. Remove the plastic cover and put it to one side.

#### STEP 2

Cut out shapes using "kiss" method (set pressure to 2 and blade depth to 6).

#### STEP 3

Peel away unwanted parts and throw away.

#### STEP 4

Trim transfer tape to completely cover image and peel the part with the red lines off of its backing. Then place on top of image (non-sticky side of vinyl).

#### STEP 5

Rub so that the vinyl will stick to the transfer tape. (Make sure to get all those small parts!)

#### STEP 6

Carefully peel off the the backing of the vinyl (the one with gray lines if you are using cricut vinyl). (hint: peel at a 180 degree angle and make sure those small parts stick to the transfer tape)

#### STEP 7

Place image where desired and rub some more.

#### STEP 8

Peel transfer tape off of top of image. (hint: peel at 180 degrees and very slowly) (Don't forget to watch for those small parts!)

#### STEP 9

Place plastic cover back on and wha la. Customized photo albums. :)
