### STEP 1

Cut bird layers from coloured cardstock as labeled.

Cut card from black, light blue and dark blue cardstock as labeled.

### STEP 2

If you would like a black outline use the black shadow shape and apply the red body to the shadow.

Use only the middle part of the pink cutout for the tummy.

### STEP 3

Assemble eyes each from, in order, large black circle, grey circle, white circle and smaller black circle with each circle touching the same edge.

--g--

Assemble the beak from the large black triangle, yellow triangle, smaller black triangle and the red tongue leaving a small border at the bottom edge. Cover the top of the beak with the small yellow piece but leave a black border at the top.

---

## STEP 4

Place first the eyes then the eyebrows and beak on the red bird. Rotate the eyes and move the parts until you have the the required expression.

## STEP 5

To assemble the card place the black border over the light blue card. Use alternate pieces of the dark blue cutout to create stripes for the background.

Stick the bird on the corner overlapping some of the black frame.
