VALENTINE'S DAY 3D POP UP CARD

Design by: [Beryl](#) (3 Projects)

About me: I went to Art School in my younger days. I am a 3D Google Earth Modeler (the 3D buildings you see on Google Earth) I love paper sculpture, origami and using paper in new ways.

Project skill level: moderate

Project time: 30 minutes to 1 hour

Project tags: Anniversary Valentine's Day

Modern Love Celebration Celebration Cards

[School Cards](#) [Clean & Simple](#) [Geometric](#)

A 3D pop up card that opens from flat to an explosion of hearts. There are 3 layers, inner card, hearts and outer card. This is a "V fold" and trellis type pop up card. I used simple color cardstock for this design. The design is created from the basic cartridge that comes with the Cricut mini.. very simple. See the video for more details on putting the pop up card together. Happy Valentine's Day.

CRICUT®: WHAT WAS USED

Cricut® George and Basic Shapes Cartridge

Cricut Mini® Personal Electronic Cutter

OTHER MATERIALS NEEDED

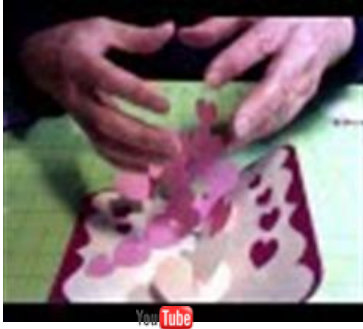

card stock and glue

PROJECT CUT FILES

[V Fold Heart Card.ccr](#)

STEP 1

Watch the video for complete directions.

How to put card together

STEP 2

Completed card in different colors.

Finished card in 3 colors

Red and White version
