PROJECT CUT FILES

EXTREME FONT VALENTINE.ccr

STEP 1

Using the CCR file attached, cut all layers. The finished card size is 6"x6".
For the front of the card, the font was cut from Extreme Fonts at 1/2". The couple was cut at 4" from Valentine's Sweets. The background shape is cut at 5.75" from Cricut Essentials.

STEP 2

Using the Cuttlebug and Script embossing folder, emboss the red heart layer from Valentine's Sweets.
Layer the image onto the background shape.
Once you have put all of the letters with their shadow, arrange on the background with foam squares, or the adhesive of your choice. The letters are pretty tiny, so I used 1/4" squares and cut them in half. Add a bow to the top of the card.

STEP 3

Cut the background shape again from white cardstock for the inside of the card. Leaving the shape on the mat as it is on the CCR program, use the Cricut gel pens to write the sentiment so it will be centered. Adhere to the inside of the card.
