### CRICUT®: WHAT WAS USED

Cuttlebug® Machine

Cricut Cuttlebug™ 5" x 7" Embossing Folder & Border, Acanthus

### OTHER MATERIALS NEEDED

12" paper trimmer

Craft knife

Cutting mat

3D flower sticker

16" of ¼" ribbon

Solid cardstock (1)

Two tone flocked cardstock (1)

Two tone floral cardstock (1)

Foam adhesive

Ivory cardstock (1)

#### STEP 1

Cut a 5 ¾" x 7" piece from solid cardstock. Place in Cuttlebug® Acanthus Folder. Fold sides around back of folder before running through Cuttlebug®. This will help create fold flaps for step 4.

#### STEP 2

Using cutting mat and craft knife, carefully carve out areas in the center of the card. Trim top along the wave.

#### STEP 3

Cut a 5" x 7 ½" piece from two tone flocked cardstock.

## STEP 4

Run adhesive along the flaps and fold back. Run adhesive on the back along the bottom. This will create a seal on both sides and the bottom. Attach to piece from step 3.

## STEP 5

Cut a 4 3/4" x 6 3/4" piece of solid cardstock. Use Cuddlebug® Acanthus to emboss.

## STEP 6

Cut a 4 1/2" x 6 1/2" piece of ivory cardstock. Use Cuddlebug® Acanthus folder to emboss about 1/2" just at the top and bottom. This piece will be the printed piece of the invitation. Once printing is complete, attach to solid piece in step 5.

## STEP 7

Cut a 12" x 1" strip of two-tone cardstock. Use Cuddlebug® Acanthus embossing border folder on one end, remove, turn around (not over), match up pattern and emboss other end. Wrap embossed strip around bottom of card pocket about 3/4" from the bottom and attach in the back.

## STEP 8

Wrap 16" of 1/4" ribbon around bottom embossed strip and tie a bow in front.

## STEP 9

Attach 3D flowers to front of pocket. Slide invitation into pocket.
