PUT ME DOWN

Design by: [toothfairy](#) (2 Projects)

About me: Working Mom that loves her Cricut! My friends and co-workers say I should have been an event-party planner! Maybe when I retire!

Vinyl cut with Cricut to put on toilet lid in my sons bathroom...It is working so far!

CRICUT®: WHAT WAS USED

Cricut Expression® Machine with Plantin SchoolBook and Accent Essentials®

Cricut Craft Room Basics

OTHER MATERIALS NEEDED

vinyl

transfer paper

STEP 1

Used Cricut Craft Room, cut out letters. I always remove the extra vinyl from around the letters, and throw it away. This allows me to use the transfer paper easily, and keep my words straight.
