PROJECT CUT FILES

 [bird cage card.ccr](#)

STEP 1

Download the cutfile in CCR and cut. The picture shows how I had my paper. You can see more on my blog at <http://melodyanedesigns.blogspot.com/2013/02/swinging-bird-cage-card.html>

video

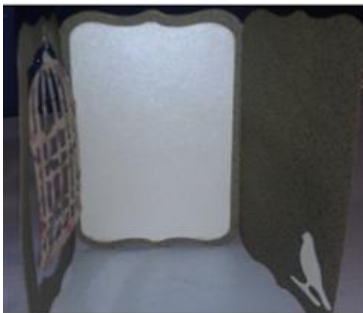

STEP 2

Punch holes in the card and top of bird cage, apply brads or eyelets and tie the bird cage up.

STEP 3

Put the rest of the cutouts on the card where desired. There are more bird cut outs than I used.
