## STEP 1

Download the cutfile in CCR and cut. You can see more on my blog at <http://melodylanedesigns.blogspot.com/2013/02/swinging-bird-cage-card.html>  
The video give detailed instructions.

## STEP 2

Punch holes in the card and top of bird cage, apply brads or eyelets and tie the bird cage up.

## STEP 3

Put the rest of the cutouts on the card where desired. There are more bird cut outs than I used. I inked the edges of my card and all cut outs.
