

HAPPY BIRTHDAY CARD FOR KIDS

Design by: [SunCrafter](#) (1 Project)

About me: I am a fine arts student who is interested in craft making. I also teach Chinese for Children in my free time. Cricut proves me the most convenience tools and ideas to achieve my goal all the time.

Project skill level: [easy](#)

Project time: [less than 30 minutes](#)

2 4' by 8' black card stock pre made cupcake figure yellow card stock embossing powder pre cut Happy Birthday

CRICUT®: WHAT WAS USED

[Cricut Expression® 2](#)

[Create a Critter 01](#)

OTHER MATERIALS NEEDED

Card Stock

Glue

Embossing Powder

Heating Tool

STEP 1

Cut black card stock to 4' by 8', two of them

STEP 2

Cut a 3' by 1.5' cloud shape yellow card stock , and also a similar sized Happy birthday phrase, I chose purple

STEP 3

By using Create a critter to make a cupcake, I used purple as base, pink as cream and hot pink as the cherry. Also, black as the shadow

STEP 4

fold both black pre cut card stock in the middle to make a 4'by4' card

STEP 5

use one of the black pre cut card stock, find the middle point then measure about half inch in length and cut towards to the open side about 2', then from the point just made a cut measure about half inch make another cut.

STEP 6

pull the cuts from the opposite side, then glue the cupcake on. Finally Glue everything else on as on shown on the photos.

STEP 7

Before making the final card, add the embossing powder to the birthday phase as desired.
