This card was made with the Southwest Cricut cartridge. Cut the window frame from just four squares and then outlined in one big square. Then cut the cactus, feathers and boots from the Southwest cartridge. Sponged the feathers in light blue ink and used silver Stickles for the spurs and nailhead for feathers. Background paper is what I had in stock and the 'flooring' was made with light brown cardstock and just scored lines across it and then sponged ink lightly over it. The blue sky and sun were done in chalks.

CRICUT®: WHAT WAS USED
