Southwest Contest - Fashion - Indian Headdress- This was fun to make and the kids absolutely loved it. I tried to make 3 different designs so each one was unique.

### CRICUT®: WHAT WAS USED

Cricut Expression® 2

Southwest Cartridge

### OTHER MATERIALS NEEDED

cardstock

beads

#### STEP 1

This is a very easy project to make and will go along way with the kids...they will love it. You can also get them involved with adding detail to the headdress. In this case I made 3 different designs and added beading, however, you can also add jewels or other details. I had a lot of fun making these.

1. Choose the colors that you want to use.

#### STEP 2

2. Make the band that will go around the head. The sizes will vary for the size of the child or person wearing this headdress.

#### STEP 3

3. Cut the accent items from the Southwest Cricut Cartridge that you would like to use on the headdress. There are many different designs and patterns to choose from...Have fun.

## STEP 4

Add Jewels or some other type of bling to complete the headdress look.

## STEP 5

When everything is glued down you will then pull the ends together to make the headdress. Make sure you measure to the size of the person who will be wearing this...Have fun.
